If we are not able to link you with a family caring for a similar aged person, are you willing to have contact with a family caring for someone of a different age? ( <i>yes/ no/ please specify</i> )

In any condition, presenting features and their severity may vary, as may the expertise of the child's doctor and the treatment. You should also be aware that while you may end up becoming very friendly with your link family, it is likely that your personalities, values and attitudes will vary. Some families may only want a one-off contact, while others may wish to continue to keep in touch. There is no obligation on either party to continue any link made.

Please use this space to let us know anything we should be looking out for when searching for a suitable link, or anything else you think might be useful.

If there is no suitable contact on file, a request for contacts for you will be posted on the CBF website message board and/or in the CBF Newsletter. **Message board notices or newsletter inserts will not give personal contact details, and the wording will be agreed with you first.**

Please note it may be some time before we find a possible link for you. Do feel free to come back to us at any time if there are any changes in your situation that you think we should know about. In any case, we will not give your details to another parent without checking with you first. Do let the CBF Support Network Coordinator know how things work out and if you would like us to look for additional links for you at any time.

Please sign and date this form to confirm the information is accurate and that you are happy for us to hold this information on file and to contact you again in the future.
